

Affiliate Fee Schedule

SHINSHURI charges an Affiliate Fee that varies depending on your all-time sales and whether you've opted to sell your products and services, exclusively on Shinshuri Leadership Portal (SLP). For exclusive affiliates, the more you sell, the less our fees become so that you take home more from every sale.

Remember the total purchase includes our Shinshuri Buyer Fee and your Item Price. To calculate your earnings, you need to take the Item Price and deduct our Affiliate Fee. We call the total of the Item Price and Shinshuri's Buyer Fee the List Price, and the total List Price value across all purchases of your items is used to calculate our Affiliate Fee.
