

ORACLES OF TRUTH ACADEMY

Education for Your Heart

Oracles of Truth (OT) Academy is an institution of higher learning. At OT Academy we help students live their dreams. Every person has the innate ability to manifest whatever his or her heart desires. Our educational programs are designed to assist each student through his or her own learning and development process while acquiring the necessary vocational and leadership skills needed to live a productive, meaningful, and successful life.

The goal is to assist each student in coming to a greater awareness of his or her human capability and how to develop, grow, and lead. The knowledge, skills, and wisdom that comes from being an OT Academy graduate, expands students' conscious awareness and sets them on course to create the life they were intended to manifest.

Each person is born with an innate latent ability to be an oracle. The journey to live authentically and unleash your greatness starts with you. We are committed to help each and every student strive for more and be held to a higher standard of excellence.

Philanthropic Resources with Entrepreneurial Opportunities

Business Philanthropy is a unique business opportunity for entrepreneurs and philanthropists. Shinshuri provides access to advanced leadership programs and learning resources that places each business professional in real world learning context—bridging the gap between for-profit and non-profit entities and operations. Entrepreneurs and philanthropists acquire the necessary knowledge and skills to collaborate and co-create a successful philanthropic business. The end result produces resourceful entities for profit and agents for change in the community.

Bringing Focus To Tuition-Free College Education As A Franchising Opportunity

A part of Shinshuri's vision is to produce an educational franchise so that more people can access, earn, and receive a college degree without the burden commonly associated with consuming student loan debts. Affordable education is the solution for a more prosperous future. Franchising provides entrepreneurs and philanthropists equal opportunities to be charitable and contribute to their local communities while owning their own business to generate sustainable income. This creates and builds shared responsibility and accountability, which allow individuals within the community to get involved, develop, and foster growth in our economy.

Corporate Responsibility, Philanthropy & Investor Relations

Business philanthropy leadership is a catalyst for economic growth, fiscal stability, personal wealth, and prosperity. Shinshuri drives access to education responsibly while striving to preserve the equal right to quality higher education tuition-free. The foundation connects businesses and educational partners to deliver unique learning experiences where individuals learn to develop and evolve to his or her greatest potential. We provide investment, sponsorship, and donation opportunities to investors, businesses and individuals. Investors can create, grow, or expand their portfolio by making a financial investment in the foundation or toward one of the foundation's independent business ventures. Businesses, through sponsorship, can now market their brand, products, and services. Individuals share in our growth and success through their charitable, financial contributions to benefit students and their community.

GREATNESS STARTS WITH YOU.

Who Is SHINSHURI?

Shinshuri is a group of independent business ventures formed to provide philanthropic services and financial support to better serve students through educational empowerment, while creating a financial return and tax benefit for investors, sponsors, and donors.

What Is Our Vision, Purpose & Values?

Our purpose is to be a leading provider of philanthropic business services, financial resources, exemplary leadership and academic programs; and to help for-profit and non-profit entities develop sustainable philanthropic business operations.

What Direction Will Our Ventures Provide to the Foundation?

Our independent business ventures are instrumental to the growth and continual success of the organization. Each endeavor SHINSHURI embarks upon creates opportunities for a greater purpose—growth in resources, fiscal stability, and planting the seeds for success. Each provides direction, innovation, and service in the vertical market in which it has technological expertise.

Why SHINSHURI?

Strong leadership requires a positive attitude and a willingness to help others. Success materializes when people focus on leading others to achieve their goals—Shinshuri drives these results. The goal is to assist others to take focused action toward their goals while providing a forum for a solid business investment. Shinshuri creates the blueprint for all its ventures to work collaboratively together for a common goal. The foundation implements proven methods and best practices to ensure the entire organization will thrive.

SHINSHURI Ventures

Nienté

Empowering Ideas – Design, Communicate, Execute
• Brings together typography, colour and form to fulfill strategic goals for a company, delivering clear communications and creative solutions which generate challenging, intelligent and trend-setting design that changes the marketing landscape. Complex ideas and concepts transform into simple and powerfully designed visual communication without need of translation.

Cosmic Vibe

Artistic Expressions – Create, Motivate, Experience
• Produces unique cosmic vibrations, rhythms, sound frequencies, and artistic expressions that motivate and expands human consciousness and thought forms. Promotes and markets an integrated blend of music, literary, visual, and stage performances across diverse cultures, media, and platforms.

Abrío Events

Unique Interactions – Connect, Market, Interact
• Co-creates unique interactive and entertaining learning experiences that actively engage and involve members in the community. Promotes and markets across multiple media platforms and community-based outlets to expand our reach.

Pedageo Media

Learning Technologies – Empower, Innovate, Evolve
• Produces programs, training curricula, courseware products, textbooks, and multimedia learning materials that support learning and academic achievement. Builds advanced learning technology systems and platforms focused on delivering reusable learning objects, resources, and products.

IPA Research Institute

Research Technologies – Track, Measure, Perform
• Conducts research studies in multiple learning domains and disciplines and tracks, measures, and evaluates individual and business performance. Develops performance assessments and systems to share information across the enterprise.

Oracles of Truth Academy

Academic Exemplar – Innovate, Integrate, Educate
• Creates unique teaching and learning environments that encourage and empower personal and professional mastery. Connect students to real-world work experiences using a multi-disciplinary holistic, tuition-free approach to education.
